

# Edison A. Modesto Jr.

## Mid Software Engineer

Address: Sampaloc, Manila | Email: edisonmodesto22@gmail.com | Contact No.: 09279872019

## Profile Summary

Experienced Software Engineer creating cross-platform applications with a focus on delivering exceptional user experiences and sharing knowledge with others as an enthusiast.

## Work Experience

### TRIPEX PHILIPPINES

*Flutter Developer*

May 2025 – Present

- Lead end-to-end development as the sole developer of the company's mobile app, now used by hundreds of users on Android, iOS, and Huawei.
- Manage app releases, updates, and ongoing improvements to ensure stability and user satisfaction.
- Collaborate with internal teams to plan and implement app enhancements.

### AHG LAB / SANDLOT TECHNOLOGY VENTURES INC.

*Mid Software Engineer*

April 2024 – May 2025

- Contributed insights on implementing project features while ensuring industry standard quality that meets real-world and client needs.
- Developed various project requirements using FlutterFlow and managed to deliver features on time, boosting the project's success rate.

### PROSPERNA INC.

*Junior Flutter Developer*

July 2023 – April 2024

- Contributed to the development of various projects by implementing various features using the Flutter Framework that boosted the project's success rate and development speed by 50%.
- Collaborated with a team by participating in 1 Code Review pers, daily PR approvals, and 1 monthly Sprint Planning to boost team Productivity.

### FIVERR / UPWORK

*Freelance Flutter Developer*

2020 - 2024

- Satisfied multiple clients by developing 10 scalable mobile and web apps using the Flutter framework, addressing specific challenges and contributing to a revenue increase.
- Converted 100% of client requirements to functional software by understanding the business logic and implementing the specifications, achieving a 15% increase in overall client satisfaction.

### DEVKINETICS INC.

*Flutter Lead Intern*

Aug 2022 – Nov 2022

- Led a team of 3 Flutter developer interns, overseeing code reviews, alignment meetings, project management, and PR approvals to successfully develop a mobile app, resulting in increased revenue and solving a specific problem.
- Managed a mobile app project with a team during development, and configured the app's Play Store listing, resulting in a 10% increase in app presence.
